Spy Hop Productions Publishes Business Continuity Plan for Emergency Preparedness and Crisis Management

July 6, 2008, Salt Lake City, UT – In a continuing effort to provide a safe, out-of-school learning environment for the hundreds of youth who participate in its year-round programming, the administration office at Spy Hop Productions has published a Business Continuity Plan for Emergency Preparedness and Crisis Management.

The (Business Continuity Plan) serves as a blue print for action by Spy Hop Productions in the event of an emergency or natural disaster that prevents normal business operations. The plan will provide all staff with important emergency contact information, critical vendor information, an emergency evacuation plan, a shelter in place plan, and an IT contingency plan.

Additionally, Spy Hop staff will host semi-annual drills and training days to keep staff and visiting students aware of the roles, responsibilities, key contacts, evacuation procedures and location sites needed should an emergency situation arise.
